

Code of Conduct for Juniors

Show respect to other golfers.

Enjoy the game and the company of others.

Dress smartly and be well mannered.

Tell us if you are concerned about anything and ask if there is something you would like to know.

Be organised and on time.

Practise hard and when you play, think before you act.

Do not drink alcohol, use drugs, swear or smoke.

Look after the course and greens; a lot of time and money is spent on keeping them in good condition.

Gradually learn the rules of golf and play honestly and fairly.

Follow the club rules.

We advise juniors to keep a mobile phone with them while on the golf course, however it must only be used in emergencies, and must be switched off, at all other times, so not to distract other golfers.

If you have a problem with another member adult or junior, you must tell one of the Welfare Officers, as soon as possible about the problem, do not confront them yourself.
